SCHOOL

Parkside EYFS • 2 – 5 years

Gives your child roots to grow...

... and wings to fly

- P**arents as partners
- A** range of learning opportunities
- R**eception for boys
- K**nowledge about your child
- S**pecialist teaching
- I**ndependence and nurture
- D**iscover through play
- E**xcellent facilities

Reception for boys

Boys move seamlessly to Reception and the curriculum is tailored to their needs with an emphasis on creative, collaborative teaching where boys are challenged to take risks and become resilient. Learning to read, write and understand number are all prioritised for the best attainment at the end of the EYFS.

A range of learning opportunities

Through a range of adult led and child initiated activities children in the EYFS develop a love of learning and begin to communicate their needs. We encourage them to challenge themselves, embrace new opportunities and extend their learning through skilled questioning.

Knowledge about your child

Experienced, caring, committed and creative. Our EYFS staff will support your child in their learning journey and make sure they are happy, secure and settled.

Specialist teaching

Nursery and reception children are taught by specialists for French, ICT, music swimming and sport. All lessons have EYFS staff present to give support and reassurance.

Independence and nurture

We support and nurture our children to become independent in everyday tasks and skills recognising that time, patience and role modelling is required.

- Everyday skills such as toilet training, selecting their snack, packing bags, changing for swimming, putting on shoes and using utensils at lunchtime are all prioritised to give children the independence to move to the next stage in their educational journey with confidence.

Discover through play

Our spacious well-resourced classrooms create the opportunities for our children to learn and discover through play. Well planned learning experiences and spontaneous child led play both inside and outside ensure children learn to make independent decisions and take their learning to the next level. They are taught to respect resources, listen and share with their peers.

Excellent facilities

Set in the middle of 45 acres, EYFS children have regular use of the woodland forest school area, swimming pool, gym, playgrounds, church, Performance Hall, music room and library. A hot lunch which is prepared daily is served in the salon. All EYFS children can be looked after from 8.00am-5.00pm and termly outings are organised when they travel in the school minibus. We aim for excellence in all areas of the EYFS.

Parents as partners

Our specialist EYFS staff want the very best for your child. We value the knowledge you have and create a genuine family feel as you are welcomed into the Parkside community. Parents receive personal daily feedback and observations through the ILD (Interactive learning Diary). They are invited to assemblies, coffee mornings, concerts, plays and sports day to share in their child's journey.
